	\$10	Nationwide Evenings & Weekends ⁵

^{*}Provides reduced per-minute long distance rates.

Notes

Topping up:

Top up whenever you want using a credit card, Visa Debit[®], Interac[®] Online or a Prepaid Voucher PIN for the most convenience. Plus, Automatic top-up gives you the convenience and peace of mind of topping up before your credit expiry date⁹.

Top-up Amount	\$10	\$25 / \$50	\$100
Credit Availability ⁹ (credits will not expire as long as you top up prior to your expiry date)	up to 30 days	up to 60 days	up to 365 days

In order to maintain any recurring promotions, you must renew your rate plan prior to the 30-day expiry. Offers are not stackable with other offers. Customers may only select one offer. 1. \$0.15 per minute for local calls if you exceed your minute allotment. Long distance calls originating in Canada and terminating in either Canada or the U.S.A. (except Hawaii and Alaska) are charged \$0.50 per minute in addition to local airtime. 2. Premium and subscription messages are not included. Customers with devices not able to display picture or video messages will receive a text message that includes a web address for viewing. On BlackBerry devices, video and picture messaging are only available with a BlackBerry add-on. Messages sent using iMessage may incur data charges. 3. 30-day rate plans and add-ons expire after 30 days and are set to automatically renew every 30 days. 1-year rate plans and add-ons expire after 365 days and are set to automatically renew every 365 days. You can remove auto-renewal by calling #123 from your device or by logging in to your account at telus.com/myaccount. Rate plans and add-ons can only be renewed when there are sufficient credits in the account to pay the price. If you have less than 30 days left on your account balance and purchase a 30-day rate plan or add-on, the expiry date on your balance is reset to 30 days from the purchase, so that the balance and the rate plan or add-on expire at the same time. Taxes, long distance, additional airtime and pay-per-use charges are extra. 4. This is a 1-year rate plan that gives you 400 outgoing and incoming local calling minutes and 400 international text, picture and video messages for up to one year. 5. Data included in any 30-day rate plan and add-on is not available to customers using a BlackBerry device using OS 7.1 and older. 6. Nationwide minutes refer to calls originating in Canada and terminating anywhere in Canada. 7. Data is charged at \$0.15 per MB if you exceed your MB allotment on a Talk, Text & Data rate plan or data add-on. Data is charged at \$2 per MB for customers on a Talk & Text rate plan without a data add-on. 8. Rates apply to 4G service only. CDMA service is charged at 10¢/page, subject to a maximum data usage of 500 MB/30 days. Pay-per-use data services are not available for use with a BlackBerry device using OS 7.1 and older. 9. If you do not top up your account or subscribe to a 30-day rate plan or add-on within 7 days after the expiry date, your balance will expire. ** Available to new TELUS prepaid customers who select "AUTO25" offer and sign up for Auto top-up during activation. Plan includes a bonus 100 MB with Auto top-up. Limited time offer. †† Available to new TELUS prepaid customers who select "AUTO30" offer and sign up for Auto top-up during activation.
